

BEING A BIG SISTER

Thank you for volunteering to assist our new member. Their experience the first few weeks are so important and will form a lasting impression.

As a Big Sister you are responsible to help familiarize the New Member with the different aspects of LWWGA. It is suggested that you golf with her 2-3 times on Tuesdays so the New Member has a chance to become comfortable with our procedures and you have a chance to answer any questions/concerns. Hopefully develop a relationship so she is comfortable to come to you later.

Recommended Duties and Subjects to include in the orientation:

- When possible contact the New Member before Tuesday to introduce yourself and to decide where to meet on Tuesday.

Tuesday play review:

- Check in with the Starter and pay
- Sign up for tee time for the following week
- Show handicap posted in the office for POD use (1st and 15th)
- Flight Sheets for selected tees
- Sample Scorecard for game of the day and proper completion
- After playing, review card for signatures, legibility, addition and format of POD (including Name, Rec #)
- Record POD score on flight sheet, post adjusted score on computer or phone, deposit card in correct basket
- After your round of golf, ENJOY some time with the New Member on patio. Introducing her to other members
- Review the Handicap Table.

General Information

- Show her the Bulletin boards, both inside the Lady's restroom and outside on the patio.
- Familiarize her with signing up for League events such as Tournaments, Mixers and Team Play. Review Due dates and how to pay.
- Explain Team Play and let her know that all members are encouraged to participate regardless of experience
- Review our LWWGA website

Please feel free to add to this list and to let me know if you feel items should added.

Thank you again for your participation as a Big Sister. This experience can make all the difference for our new members.

Terrie DeLorm, Chair, New Members
